Soul's Time to be Born, an adoption story. This is a story about a soul whose time had come to be born.
We accompany this soul's journey from the spirit realm until its arrival to its chosen parents.

Nicole, I dedicate this story to you.

Thank you for choosing to be in my world and walking alongside me through the challenges that life presents us. I am so proud of you and grateful to have you in my life. Travelling and doing this book together with you, Nicole, has been the most blissful experience ever.

I love you so much!
